Explanatory notes

1. Terms of reference of RRIs

Following [Resolution XIII.9 paragraph 8](#), RRIs must develop terms of reference, which cover their own rules of procedure, structure, governance, membership, including the status of the Convention Secretariat's participation in the RRI, and which should be consistent with the Resolutions and Recommendations of the Conference of Parties ([Resolution XIII.9](#)). Equivalent documents must cover the same items.

2. Eligible for core funding from the Secretariat

Following the Operational Guidelines, financial assistance to an RRI from the core budget is provided for a limited period of time, in principle only for a period corresponding to [Resolution XIII. 9 paragraph 8.g](#)).

3. Items in activity tables

To fill out the table for undertaken activities and planned activities, please make sure that "Objectives", "Activities", "Results/outcomes", "Verifiable indicators" and "Means of verification / source of information" are consistent with the submitted plan for the year.

- Objectives: Please indicate a specific statement narrating a desired accomplishment or outcome (e.g. to improve capacity of the RRI members in the management of wetlands).
- Results/outcomes: Please indicate whether planned activities are completed or not. If you organized a workshop/seminar/training course, please specify the number of attendees including gender information (e.g. XX trainings were organized, XX people attended (XX women, XX men)). This information will enable assessment of achievements and results.
- Verifiable indicators: Indicators are to measure progress and achievement. Please include indicators to verify to what extent progress is being made towards results/outcomes and how those results/outcomes are achieved (e.g. the number of training courses, the number of publications).
- Means of verification / source of information: Please add means of verification, which show how the information about the indicator can be obtained (e.g. training reports, modules).
- Relevance to the Ramsar Strategic Plan: Please indicate which of the goals of the Ramsar Strategic Plan each of the objectives most contributes to.
