

Draft Resolution XIV.xx

**Future implementation of scientific and technical aspects of the Convention for
2023-2025**

based on document SC59/2022 Doc. 26 with changes marked

[sc59/2022/26_dr_future_scientific_technical_aspects_e.pdf \(ramsar.org\)](https://www.ramsar.org/sc59/2022/26_dr_future_scientific_technical_aspects_e.pdf)

1. RECALLING Resolution XII.5, New framework for delivery of scientific and technical advice and guidance on the Convention, which modified the modus operandi and responsibilities for the Scientific and Technical Review Panel (STRP);
2. FURTHER RECALLING paragraph 16 of Resolution XII.5, on the requirement for changes to the organization and the processes of the STRP to be amended by COP decisions as a result of a future review, and paragraph 23 of Resolution XII.5, on the continuing need to ensure that the Panel has the resources to undertake its work effectively;
32. FURTHER RECALLING Paragraph 44 of Annex 1 of Resolution XII.5, which requests that the STRP identify, in consultation with the Secretariat and the Standing Committee, “scientific and technical priorities for the coming triennium, and funding needs, and indicate potentially relevant partner organizations, for the consideration of the Conference of Parties”;
43. ALSO RECALLING paragraph 45 of Annex 1 of the same Resolution, which requires that the list of scientific and technical priorities “reflect the content of the Ramsar Strategic Plan for the coming triennium, resolutions of the last COP, and other priority issues which have been identified by regional or global wetland networks”;
54. RECALLING Resolution XII.9, The Ramsar Convention’s Programme on communication, capacity building, education, participation and awareness (CEPA) 2016-2024;
65. NOTING WITH APPRECIATION and expressing gratitude to:
 - STRP members, International Organization Partner observers, observers from other organizations and STRP National Focal Points for their valuable contributions to the work of the STRP during the triennium;
 - The Secretariat for its support;

- The Government of Norway for its generous financial contribution to support the delivery of the Panel’s work on tropical peatland restoration and rewetting (Task 2.2) and blue carbon and wetlands (Task 5.1);
- The Governments of Norway and Finland for their generous financial contribution to support the delivery of the STRP’s work on gender mainstreaming¹ (Task 4.1); and
- The Government of Australia for its generous in-kind contribution in the form of technical support to the ad-hoc advisory task on Criterion 6.

76. RECALLING Decision SC57-30 of the Standing Committee, which approved the work plan of the STRP for the 2019-2021 triennium; and

87. ALSO RECALLING Decision SC57-25 of the Standing Committee, which agreed on the participation of one or more STRP members in discussions during Standing Committee meetings addressing important emerging issues or those for which significant new information had become available;

THE CONFERENCE OF THE CONTRACTING PARTIES

98. WELCOMES the Scientific and Technical Review Panel (STRP) products delivered during the 2019-2021 triennium, listed in Annex 1 of the present Resolution;

109. URGES Contracting Parties, the Ramsar community, and other sectors to use them as appropriate;

~~10. INVITES Contracting Parties to use available communication, capacity building, education, participation and awareness (CEPA) tools with the help of their CEPA National Focal Points and others to disseminate STRP products;~~

11. INVITES the Convention’s International Organization Partners and other members of the Ramsar community to widely promote and disseminate STRP products, including the Global Wetland Outlook: Special Edition 2021;

12. APPROVES the priority thematic work areas and the high priority tasks for the STRP for the 2023-2025 triennium listed in Annex 2 of the present Resolution;

13. ENCOURAGES Contracting Parties to consider the high priority tasks in Annex 2 in their nomination of appropriate STRP representatives within 30 days of the COP, in order to respond to the Secretariat’s call for nominations for the STRP, including the Chair and Vice-Chair, which will be issued immediately after COP, and ensuring the Management Working Group confirm the nominations as soon as possible after this;

~~1413.~~ APPROVES the revised list of bodies and organizations invited to participate as observers in the meetings and processes of the STRP for the 2023-2025 triennium, included in Annex 3 of the present Resolution, and ENCOURAGES their active participation, applying a range of expertise, in the work of the STRP, alongside the STRP Panel Members, and STRP National Focal Points;

¹ The Management Working Group instructed the Panel to focus on its highest priority tasks, and asked the Secretariat to move the task forward.

1514. INSTRUCTS the STRP to develop its work plan for ~~2022-2024~~ 2023-2025 for approval of the Standing Committee at its 62nd meeting; ENCOURAGES it in so doing to give due consideration to including unfinished high, medium and lower-priority tasks from the 2019-2021 work plan, as well as to including elements of the Strategic Plan which the Secretariat reported that Parties are struggling to implement²; and ALSO INSTRUCTS it to ensure that the plan developed is streamlined and achievable within a single triennium;

1615. REQUESTS the STRP to explore with the Secretariat, as applicable and depending on future developments resulting from the global pandemic, alternative virtual means to ensure the work of the STRP progresses; and

17. URGES Contracting Parties in a position to do so and others to assist in funding the work of the STRP.

² COP13 DOC.11.1 REPORT OF THE SECRETARY GENERAL ON THE IMPLEMENTATION OF THE CONVENTION: GLOBAL IMPLEMENTATION [COP13 Doc.11.1 Report of the Secretary General on the implementation of the Convention: Global implementation | Ramsar](#)

Annex 1 List of Scientific and Technical Review Panel outputs produced during 2019-2021

Note: Outputs are listed in order of the task in the STRP work plan.

1. Global Wetland Outlook—Special edition 2021 (GWO task)
2. Briefing Note No. 13: *Wetlands and agriculture: Impacts of farming practices and pathways to sustainability* (Task 1.2)
3. Policy Brief No. 6: *Transforming agriculture to sustain people and wetlands* (Task 1.2)
4. Technical Report No. 11: *Ramsar global guidelines for peatland rewetting and restoration* (Task 2.2)
5. Briefing Note No. 11: *Practical peatland restoration* (Task 2.2)
6. Policy Brief No. 5: *Restoring drained peatlands: A necessary step to achieve global climate goals* (Task 2.2)
7. Briefing Note No. 12: *The contribution of blue carbon ecosystems to climate change mitigation* (Task 5.1)

Annex 2 Scientific and Technical Review Panel Thematic Work Areas and high priority tasks 2023-2025³

Thematic Work Areas and their relevance to the Strategic Plan 2016 – 2024 are presented below. Proposed Further details on the future science and technical priorities including medium and low priority tasks under each Thematic Work Area are identified in the report of the Chair of the STRP to SC 59 Resumed Session 2022.

<i>Priority</i>	<i>STRP task</i>	<i>Mandate(s)</i>
TWA 1: Wetlands of International Importance, development of the Site network and application of criteria.		
High	Further guidance on application of criteria for designating Wetlands of International Importance	Strategic Plan Goal 4, Target 14. CBD post-2020 GBF first draft Targets 4, 3.
High	Global assessment of gaps in the network of Wetlands of International Importance, and synergies with global climate and biodiversity goals	Resolution XII.5 , Annex 1, ¶¶ 1-2 Initiated in the 2019-2021 triennium (Task 1.7)). Strategic Plan Goal 2, Target 6. CBD post-2020 GBF first draft Targets 3, 1.
TWA 2: Tools for wetland assessment, mapping and monitoring, and development of inventories.		
High	Wetland mapping and National Wetland Inventories (NWI) to catalyse greater use of available methodologies for wetland carbon assessments	Resolutions XIII.13 and XIII.14 . Strategic Plan Goal 3, Target 8. CBD post-2020 GBF first draft Targets 1, 8.
High	Prepare guidance on inventories and monitoring of small wetlands, and their multiple values for biodiversity conservation, especially in the contexts of landscape management and climate change	Resolution XIII.21 , ¶ 23 . Medium priority in work plan 2019-2021 (Task 1.3). Resolution XI.8 , ¶ 2iii). Strategic Plan Goal 3, Targets 8, 11.

³ Note from the Secretariat: The table is a different presentation than the table in SC59/2022 Doc.26

		CBD post-2020 GBF first draft Targets 3, 1, 8.
TWA 3: Direct and climate change related pressures on wetlands, their impacts and responses.		
High	Climate change and wetlands – updated information on the current and projected impacts of climate change on the world’s wetlands, and responses	Strategic Plan Goals 1, 2 & 3. CBD post-2020 GBF first draft Targets 8, 11.
High	Blue carbon guidance, data and models, and support for integration of blue carbon in climate change planning frameworks	Resolution XIII.14 , ¶ 15(b)-(d). Strategic Plan Goal 4, Target 14. CBD post-2020 GBF first draft Targets 8, 2.
High	Agriculture and wetlands: maintaining and restoring the ecological character of wetlands in agricultural settings	Strategic Plan Goal 3, Target 9. CBD post-2020 GBF first draft Targets 1, 2, 4, 7, 10.
TWA 4: Wise use, sustainable management and restoration of wetlands in the wider landscape/seascape.		
High	OECMs as an opportunity in promoting wetland conservation and wise use	Strategic Plan Goal 3, Target 9. CBD post-2020 GBF first draft Targets 1, 2, 3.
High	Develop guidance on the conservation, wise use and management of “working coastal habitats”, including a synthesis of the global pressures on coastal wetlands	Resolution XIII.20 , ¶ 45. Lower priority in work plan 2019-2021, Task 3.2. Strategic Plan Goal 3, Target 10. CBD post-2020 GBF first draft Targets 2, 3, 5, 9, 10.
TWA 5: Cross cutting issues, supporting functions, and synergies with other MEAs.		
High	Financial costs of wetland loss and degradation, and investment required to maintain and restore wetlands	Strategic Plan Goal 4, Targets 17 & 19. CBD post-2020 GBF first draft Targets 2, 18, 19.
High	Post-2020 Global Biodiversity Framework and SDGs	Resolution XIII.5 . Strategic Plan Goal 4, Target 18.

		CBD post-2020 GBF first draft Potentially all targets.
High	Global Wetland Outlook	Strategic Plan Goal 4, Targets 14 & 18.
High	Review of policy and legal frameworks for wetland conservation and wise use: scoping study	Standing Committee 57 Doc.8 – urgent challenges. Strategic Plan Goal 3, Target 11. CBD post-2020 GBF first draft Targets 1, 3, 5, 7.

Annex 3

Bodies and organizations invited to participate as observers in the meetings and processes of the Scientific and Technical Review Panel for the 2023-2025 triennium

(Note from the Secretariat: Unchanged from document SC59/2022 Doc. 26)
