**WHAT WAS YOUR BEST CEPA INTERVENTION IN THIS TRIENNium?**

Miriam BALCIAROVÁ CEPA Specialist  
and Ján KADLEČIK, Ramsar Committee, Slovakia

---

**What was your key message?**

To present, confront and stimulate the international production of posters on the environment and nature; to encourage the public to take an active part in solving the environmental problems in the world. We dedicated the 2011 exhibition to the celebration of the 40th anniversary of the Ramsar Convention.

---

Environmental education specialist, Mala Fatra National Park, Slovakia; State Nature Conservancy of the Slovak Republic

---

**Title of your CEPA activity/product**  
Ekoplagát ’11 - The International Exhibition And Contest Of Issued Posters On The Topics Of Conservation Of Nature And Environment

---

**Other collaborators – please identify other organizations that assisted you or were your partners**  

---

**Key stakeholder group(s) targeted by your product/activity (e.g. decision-makers, teachers, families, journalists etc.)**  
General public, schools, designers, designer studios, government and other environmental organizations

---

**When did this event take place/when was your product launched?**  
From 3rd November to 4th December 2011 with a possibility to other installations
Brief description of your product/activity/material you used

The Triennial exhibition EKOPLAGÁT has been organized since 1978. In 2011 it was dedicated to the 40th anniversary of the Ramsar Convention. Based on the decision of the International Committee, the best works were awarded with a prize - Grand Prix, 1st Prize, 2nd Prize, 3rd Prize and a Special Prize of the Carpathian Wetland Initiative. A catalogue of the posters was printed at this occasion available at www.npmalafatra.sk. There were several site events such as Poster of the Public (voting of the visitors of the competitive exhibition for the best poster in the showrooms of the Gallery of Arts in Žilina and on-line voting), the Show of the winner of the Grand Prix, exhibition of the collection of posters from previous years installed at the Ministry of Environment of SR during the Open Day and during the 7th European Regional Ramsar Meeting in Trnava in September 2011.

What was your intended outcome from this product/activity/material you used? (e.g. change in behaviour of target group; volunteer help with a wetland project; newspaper article)

Altogether, there were 73 authors from 21 countries of Europe, Asia and America, who registered 180 posters in the 12th triennial of the competitive exhibition EKOPLAGÁT 2011. On 5th October 2011, the committee chose 126 posters from 62 authors and 18 countries out of all the registered posters.

What kind of impact did this activity/product have on the target audience?

Interest in the event was reflected by substantial participation of the artists, who still feel the need to express their opinion on nature and environment protection. High number of exhibition visitors (972 per month) shows that the posters addressed the public.

Is there a follow-up activity/product planned, if yes briefly describe

EKOPLAGÁT is held once in three years. 13th triennial will be held in 2013.

Why do you identify this as your best CEPA intervention? What makes it stand out?

The event has been held for 30 years already. The last time there were 20 artists registered from Iran. Exhibition of the posters encourages the discussion, contemplation and re-evaluation of the unsustainable life style.

What was the source of your funding?

City of Žilina – event advertising
Kofola Rajec s.r.o. - part of the refreshment
Conservatory in Žilina - cultural programme
The organisation of the exhibition and making of the catalogue has been made possible by the support of The Carpathian Wetland Initiative and the Ministry of Environment of the Slovak Republic.
