Nomination of the Domica Ramsar Site

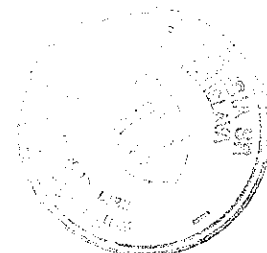

Dear Mr. Blasco,

During the year 2000 consultations have been held in respect to nomination of crossborder Ramsar Sites between the Slovak and Hungarian ministries of environment. As a result of this cooperation is the joint initiative for designation of Domica – Baradla.

Attached you will find the Information Sheet on Ramsar Wetlands for Domica (part of Domica – Baradla Cave System).

Let me use this opportunity to wish you every success in your work for wetlands protection. Please, list the nomination of Domica Ramsar Sites as a contribution of the Slovak republic to the World Wetlands Day.

Sincerely yours,
