Copy: Ministry of Ecology and
Natural Resources of Ukraine

Ministry of Natural Resources and Environmental Protection of the Republic of Belarus and Ministry of Ecology and Natural Resources of Ukraine closely cooperate in the fields of protected areas, biodiversity and nature protection. Both Countries recognize establishment of "Olmany Mires Zakaznik" Ramsar site in Belarus and "Perebrody Peatlands" Ramsar site in Ukraine, and would like express their willingness for establishment of transboundary Ramsar site "Olmany Mires Zakaznik – Perebrody Peatlands".

The above-mentioned sites in both Countries have been selected in line with Criteria for the Identification of Wetlands of International Importance and have been designated as Ramsar sites by national laws.

Eventually we would like to ask you to accept the "Olmany Mires Zakaznik – Perebrody Peatlands" as the Transboundary Ramsar site and include this Ramsar site into the Transboundary Ramsar Sites list.

Attachment: on _____ pages in 1 copy.
