## AUDITORS' REPORT

To the Contracting Parties of the  
**Convention on Wetlands of International Importance  
especially as Waterfowl Habitat (Ramsar, 1971), Gland (Switzerland)**

### **Report on the financial statements**

We have audited the accompanying financial statements of the Secretariat of the Convention on Wetlands of International Importance especially as Waterfowl Habitat (Ramsar, 1971), which comprise the balance sheet, statement of income and expenditure, cash flow statement and notes for the year ended December 31, 2008.

#### *Ramsar's management Responsibility*

Ramsar's management is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the articles of the Convention. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Management is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

#### *Auditor's Responsibility*

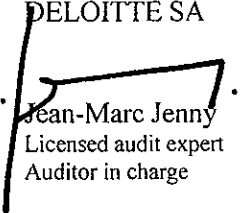

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial statements for the year ended December 31, 2008 comply with Swiss law and the articles of the Convention.

# **SECRETARIAT OF THE CONVENTION ON WETLANDS OF INTERNATIONAL IMPORTANCE ESPECIALLY AS WATERFOWL HABITAT (RAMSAR, IRAN, 1971)**

## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2008**

### **1. ACTIVITY**

The Convention on Wetlands, signed in Ramsar, Iran, in 1971, is an intergovernmental treaty which provides the framework for national action and international cooperation for the conservation and wise use of wetlands and their resources. The Convention's mission is the "Conservation and wise use of all wetlands through local, regional and national actions and international cooperation, as a contribution towards achieving sustainable development throughout the world".

Under the treaty, the Contracting Parties agree, inter alia to:

- promote the conservation and wise use of wetlands through international co-operation
- implement the conservation and wise use of wetlands within their territory
- encourage research and exchange of data regarding wetlands
- endeavor to establish and manage reserves for wetlands and to increase waterfowl populations on wetlands
- promote training of competent personnel in the field of wetlands research, management and wardening.

The Convention's Secretariat, which is not a separate legal entity, is constituted under Article 8 of the Convention and administered as an independent unit by and from the offices of IUCN – International Union for Conservation of Nature, Gland, Switzerland. The Secretariat's functions include the provision of administrative, technical and scientific support to the Contracting Parties, maintaining a List of Wetlands of International Importance and notifying Contracting Parties of additions to that List.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DEFINITIONS**

### **i. Accounting Convention**

The financial statements have been prepared under the historical cost convention and are in accordance with the generally accepted accounting principles set up in the provisions of the Swiss Code of Obligations.

### **ii. Currency**

All figures are in thousands of Swiss francs (CHF) unless otherwise indicated.

### **iii. Contributions from Contracting Parties**

Contributions from Contracting Parties are determined in accordance with the UN Scale of assessments for contributions of Member States to the United Nations budget approved by the UN General Assembly. These are then attributed to the Ramsar budget. Contributions are accounted for on an accruals basis.

### **iv. Voluntary contributions and other income**

Any voluntary contributions and receipts of other income are accounted for on a cash basis, when they are received by Ramsar.

### **v. Expenditure**

Expenditure is accounted for on an accruals basis.

### **vi. Unrestricted Funds**

Unrestricted funds are funds that are not subject to any externally imposed restrictions on their use. The Secretary General is empowered by the Standing Committee of the Convention to designate certain parts of these funds for project purposes.

### **vii. Restricted Funds**

Restricted funds are those funds provided by donors with restrictions applying to specific projects, geographical regions, specific activities or other externally imposed restrictions as to their use. These funds are applied only in accordance with the donor agreements.

**viii. Foreign Exchange**

The Secretariat's accounting records are maintained in Swiss Francs which is the reporting currency. Except for fixed assets which are stated at historical values, all assets and liabilities expressed in other currencies are translated at exchange rates ruling at the end of the year. Items of income and expenditure in other currencies are included in the financial statements at the exchange rate prevailing at the date of the transaction. Bank accounts expressed in USD and EURO or other currencies are revalued to Swiss Francs at the year-end rate of exchange.

**ix. Year-end Exchange Rates**

The following are the principal rates of exchange to the Swiss Franc used to revalue the balance sheet accounts at the end of the year.

	<u>31 December 2008</u>	<u>31 December 2007</u>
US Dollar	1.0561	1.1267
EURO	1.4888	1.6587

**x. Provisions against dues receivables from contracting parties**

The management of Ramsar applies a method of provisioning against outstanding dues from contracting parties as follows:

• Outstanding dues from contracting parties for 6 or more years	100%
• Outstanding dues from contracting parties for 5 years	80%
• Outstanding dues from contracting parties for 4 years	60%
• Outstanding dues from contracting parties for 3 years	40%
• Outstanding dues from contracting parties for 2 years	20%
• The rest of outstanding dues from contracting parties	5%

**xi. Fixed assets**

Fixed asset purchases are capitalized when the purchase price is CHF 500 and above (or the equivalent in other currencies) and when ownership resides with Ramsar. Fixed assets are depreciated over their estimated useful lives on the following basis:

• Office furniture	7 years
• Office equipment	5 years
• Computer hardware/software	3 years

**xii. Reserve Fund**

Resolution VI.17 of COP6 established a Reserve Fund to meet unforeseen and unavoidable expenditures.

The Fund's source of income is excess funds from each year's core operations.

The resources kept in the Fund are limited to a maximum of one-twelfth of the core budget of the current fiscal year.

**3. EXCHANGE GAIN/(LOSS)**

The net exchange loss of CHF 135K (2007 - CHF 49K) during the year was mainly due to the depreciation of the Euro and US Dollar against the Swiss Franc. Exchange gains and losses directly attributable to projects are dealt with under the respective projects.

**4. PROVISIONS FOR STAFF TERMINATION AND REPATRIATION**

Provisions for staff termination are amounts set aside to cover the Ramsar Convention in case of unplanned termination of staff contracts leading either to legal costs or redundancy payments or other costs not otherwise budgeted for. Management recommends a target of 10% of annual salary, which at the end of 2008 was estimated at CHF 129K. Provision for staff repatriation covers the estimated cost of repatriation of all international staff currently on the payroll.

	<u>2008</u>	<u>2007</u>

## 8. SWISS GOVERNMENT TAX REBATE

Non-Swiss staff are exempt from paying taxes on their earnings. In order to have one salary scale and to ensure equitable treatment of both Swiss and non-Swiss staff at Ramsar, an internal tax is levied on non-Swiss staff. This is shown as Swiss Government Tax Rebate and included as unrestricted income.

## 9. CONTRIBUTIONS FROM CONTRACTING PARTIES TO THE MEDWET INITIATIVE

Contributions for MedWet are determined by the MedWet Initiative and are collected on their behalf by Ramsar. Upon collection, monies received are transferred to MedWet.
