

## World Wetlands Day 2009 -- Portugal

For the World Wetlands Day, our NGO, Almargem decided to do the following:

- 1) A translation for all the materials made available through our website at: [http://www.almargem.org/index.php?article=128&visual=2&id\\_area=13](http://www.almargem.org/index.php?article=128&visual=2&id_area=13)

These include all the fact sheets, the activities for kids: the do it yourself frog. All the materials have been available, via our website, since January 30. At the time, we sent information to all the schools in the Algarve, telling them that this material was available and is free to be used by any teacher or class.

- 2) At our environmental center, the "Centro Ambiental da Pena" (<http://centroambientaldapena.blogspot.com>) or (<http://capena.no.sapo.pt>), we received kids from a local school (from the EB1 Escanxinas, near the city of Loulé), and we all had a lot of fun doing our frogs. The kids really loved it!

Anabela Santos, Departamento de Educação Ambiental, Almargem - Associação de defesa do património cultural e ambiental do Algarve, Loulé
