

## 7<sup>th</sup> European Ramsar Meeting (Trnava, Slovakia, 2011)

- STRP products **easily accessible** to wetland managers and national focal points
- STRP products in **user-friendly language, style and translations**
- better share of information, especially **best practice case studies**
- **short briefing notes** targeted to specific audiences
- **completing tasks** already in hand, not invest in issues with unknown outcomes
- improve two-way linkages between **regional initiatives and STRP**
- **face-to-face meetings of NFPs**, such as in Austria 2007 and South Africa 2011
- work on **climate change** with other institutions, **economics of ecosystem services**, inventory and RS information management
- **co-financing** and **joint work** with EU, UNESCO, development agencies, foundations
- more **social science** expertise, work on **communities** benefit from wetlands, better **networking** at regional level

- **share** STRP's vision and results with other Ramsar constituencies and beyond
- **work with other institutions**, include their work and results in STRP's programme
- undertake **common** communication and outreach **activities**
- use **regional initiatives'** meetings to exchange about ongoing STRP work
- progress rapidly with the required work of the **STRP review** committee (Res. XI.16)
