MY CEPA STORY

Supporting CEPA Activities for Wetland
Protection and Conservation

Since 2014, I have been handling CEPA related tasks of the Bureau.

I first worked with our NGO counterpart- the Society for the Conservation of Philippine Wetlands in 2017 as part of the 2017 World Wetlands Day celebration.

In 2018, I attended a BioBlitz Activity of the SCPW as a Resource Person for RAWES.

I am also privileged to work with the NGO focal - Ms. Amy Lecciones who also happens to be my mentor ever since I started collaborating with the SCPW.

Build your network - nationally and internationally. Make friends, have fun while saving wetlands!

Thank you!
